“Wonderful school. My daughter has been so happy during her seven years and doesn’t want to leave. She has been incredibly lucky to have had inspiring, nurturing and caring teachers throughout who have prepared her so well for life outside of school.”

CURRICULUM

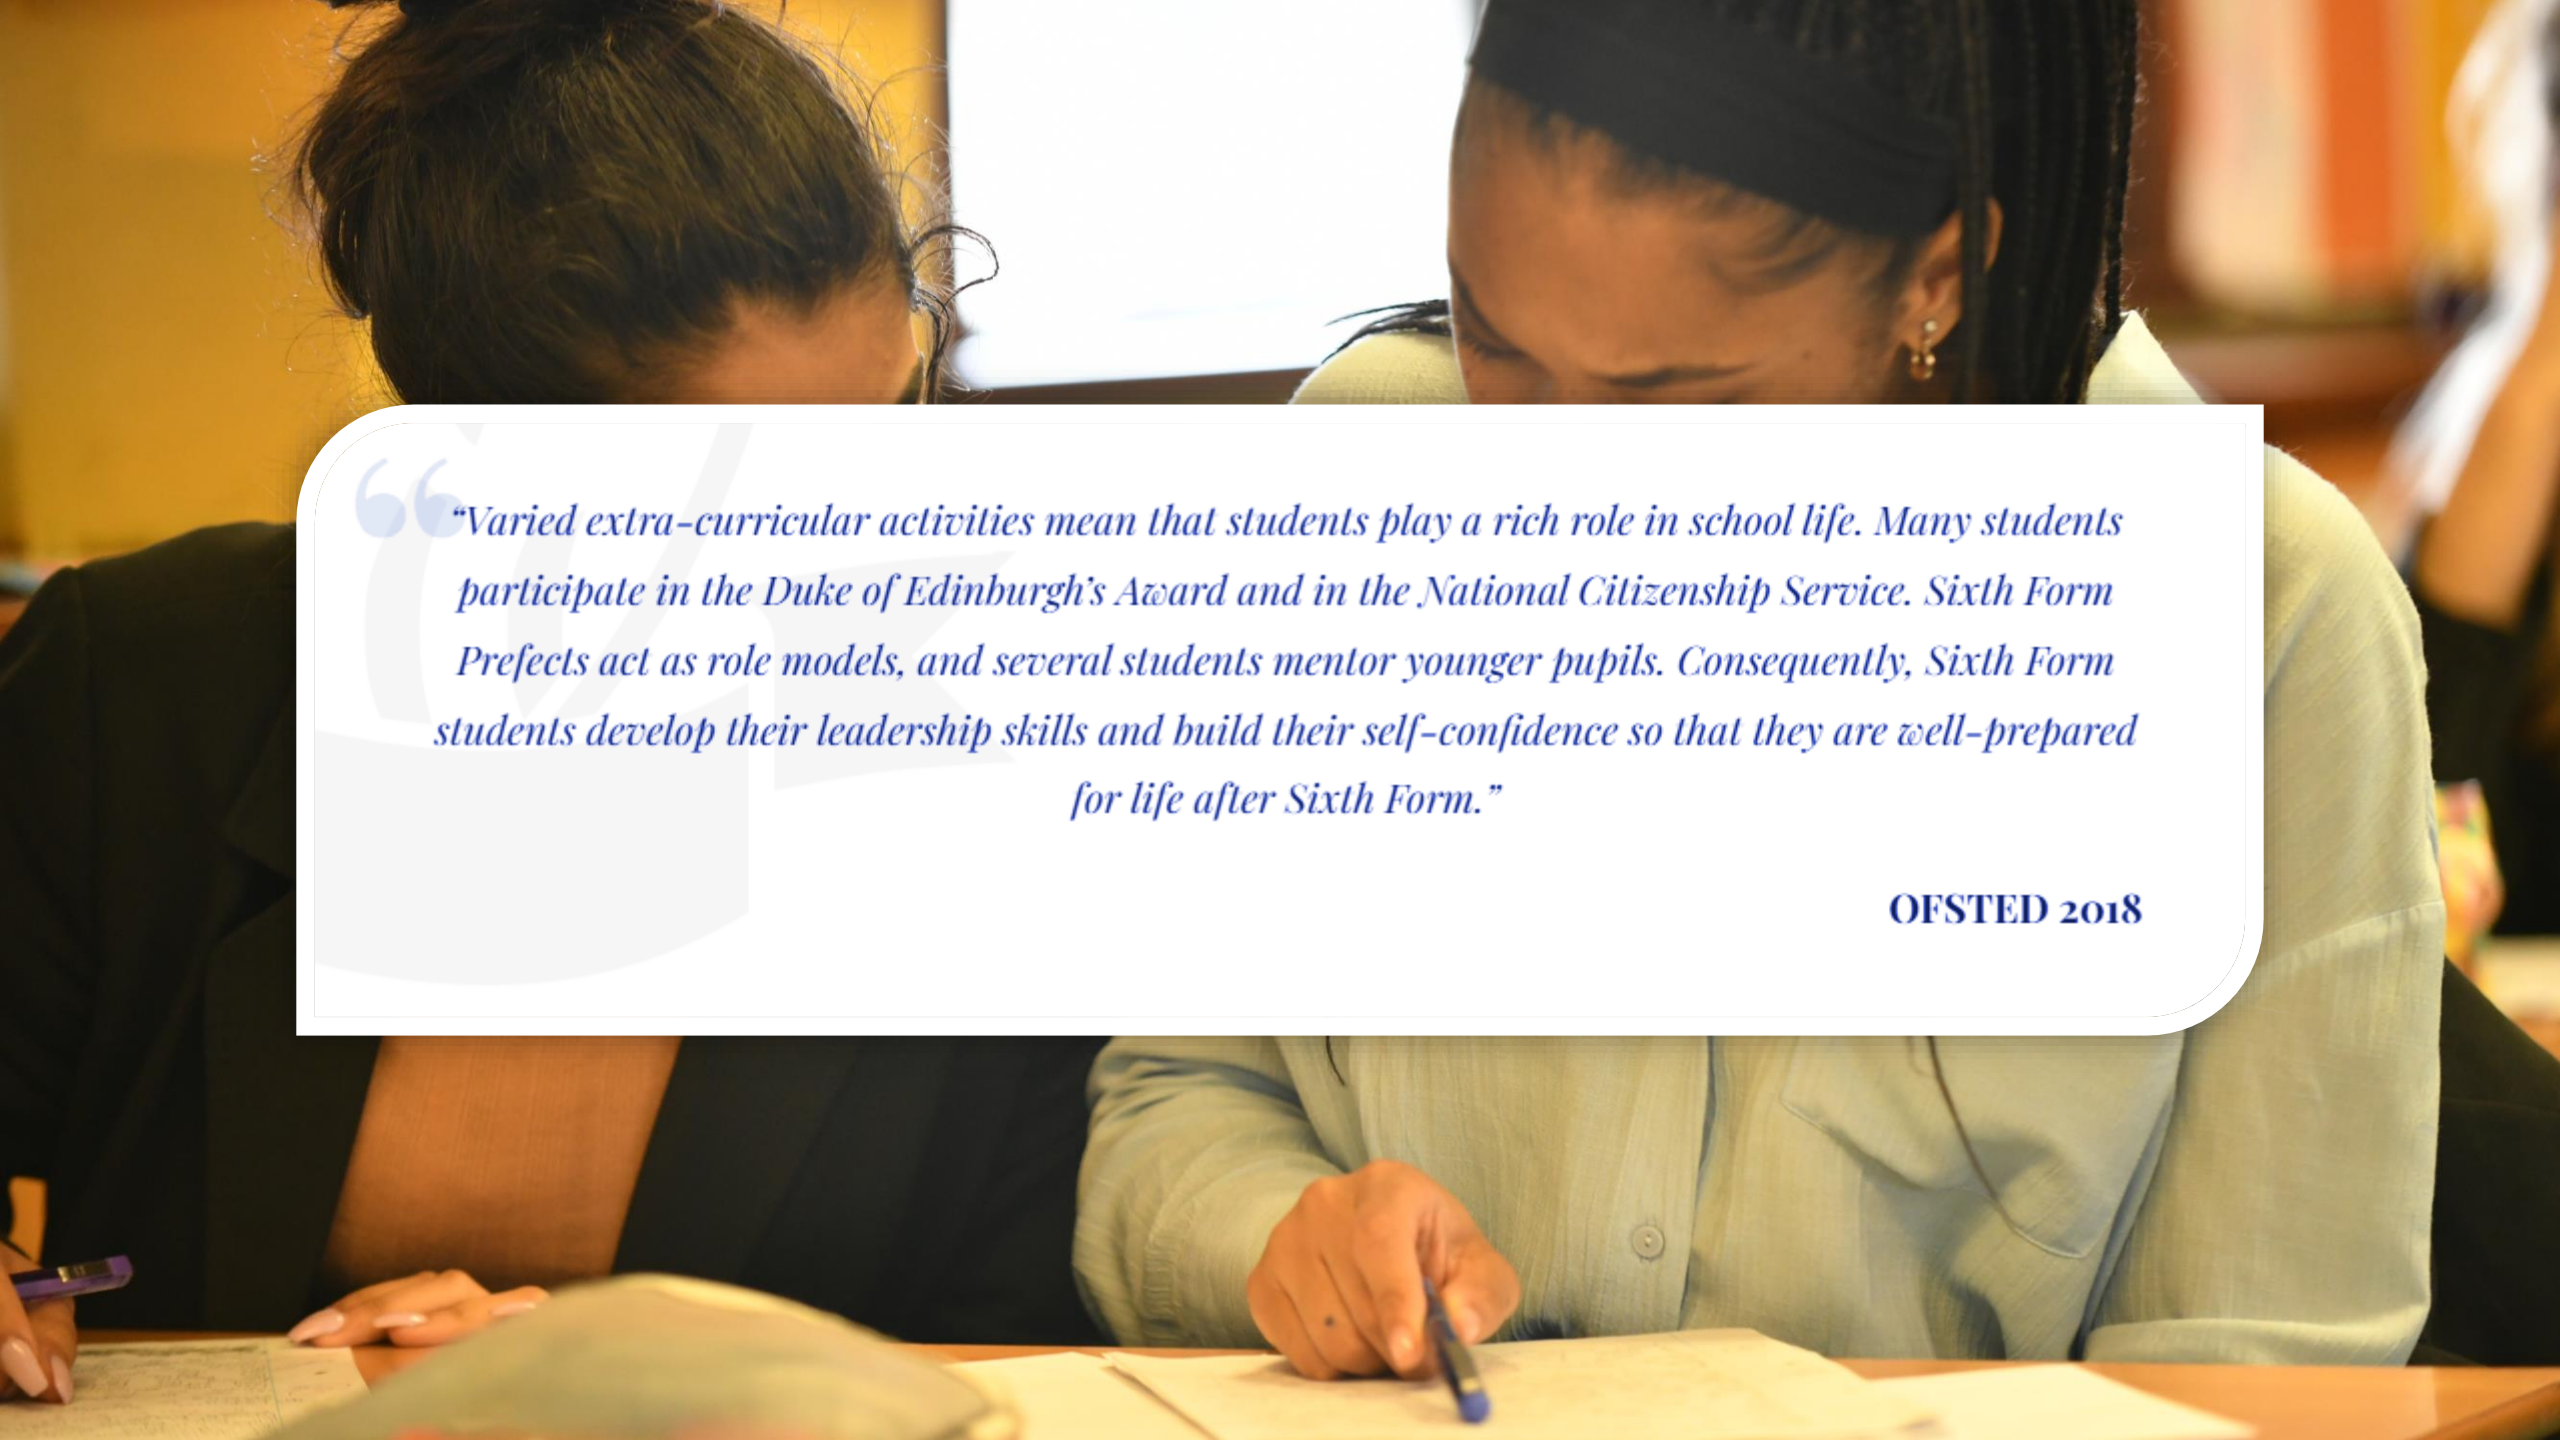

# Enrichment

*"I decided to take an EPQ in order to pursue my interest in an area that I hadn't chosen at A-Level. I only take science related A-levels and so was eager to do research into a topic that was completely different. My topic is Neuroaesthetics - looking at the psychology behind art. I hope to do some paintings to complement my written essay and I am really enjoying the research into an area I am so interested in! Your mentor helps you so much along the way, making it a really enjoyable and inspiring process!" Year 12 student*

A photograph of two young women sitting at a desk in a classroom or study area. They are looking down at papers on the desk. The woman on the right is wearing a light-colored, possibly white, button-down shirt and has her hair in braids. The woman on the left is wearing a dark jacket. The background is slightly blurred, showing other people and what appears to be a window or screen.

*“Varied extra-curricular activities mean that students play a rich role in school life. Many students participate in the Duke of Edinburgh’s Award and in the National Citizenship Service. Sixth Form Prefects act as role models, and several students mentor younger pupils. Consequently, Sixth Form students develop their leadership skills and build their self-confidence so that they are well-prepared for life after Sixth Form.”*
