Our aim is to make your child feel safe and comfortable in the water and then progress to good water skills, stroke work and distances.

This is achieved through a wide variety of fun games and activities and leads to simple steps to learning. Our lessons are effective due to the low staff to swimmer ratio, 1:6 up to Stage 4 and 1:8 beyond.

We use a national framework for swimming and your child receive a nationally recognised certificate each term to show their achievements.
