

## Biometric Catering

At Newlands we run a Biometric cashless payment system for school meals and trips.

If you would like to find out more information regarding the Biometric system, two documents can be found on our website under the 'About Us' section, then select 'School Information' and then 'Accent - Catering Provider - Biometric System', which will give you further information.

On your daughter's first day we will be taking Biometric finger readings. Your daughter will then be given a letter to bring home, which will enable you to set up a sQuid account linked to your daughter's Biometric details. This account is important as it is the only way to top up your daughter's catering purse and pay for school trips.

Please complete the reply slip below and return to Mrs Liz Bateson, Headteacher's P.A.
